### **ABF Freight<sup>SM</sup> Earns Fourth Quest for Quality Award from Logistics Management**

- Award seen as important measure of customer satisfaction and performance excellence
- ABF Freight is honored in national LTL carriers category

FORT SMITH, Arkansas, September 4, 2015 – ABF Freight<sup>SM</sup>, an ArcBest company (Nasdaq: ARCB), is being honored by Logistics Management magazine with a Quest for Quality Award in the national LTL carriers category — the carrier’s third consecutive selection and fourth overall.

“ABF Freight’s ability to provide quality service is built upon the training, experience and responsiveness of our employees system wide. We are honored to have their efforts recognized with this prestigious award,” said ABF Freight President Tim Thorne.

Logistics Management’s Annual Quest for Quality Awards mark the culmination of a six-month research project conducted by Peerless Research Group. For more than three decades, the magazine’s Quest for Quality Award has been regarded in the transportation and logistics industry as the most important measure of customer satisfaction and performance excellence.

“What makes the Quest for Quality Awards stand out in the market is the fact that the winners are determined by the readers of Logistics Management — the buyers of logistics and transportation services who put these carriers and service providers to work around the clock and around the globe,” said Michael Levans, group editorial director of Peerless Media, the publisher of Logistics Management.

ABF Freight is featured in the magazine’s August issue.
