

 omegaTMS

Tired of checking multiple platforms

to find the best carrier for your shipment?

OmegaTMS® makes it easy

to compare your negotiated rates — no fee or contract required.

Real-Time Data

Rating, tracking & reporting
on-demand

Personalized Platform

Custom features to meet the
needs of your business

Modern API

Connect directly to your
carriers for faster results

Save time,

reduce costs & improve customer service

Quote

- View all of your negotiated carrier rates in one place
- Quickly book the best carrier for the shipment

Coordinate

- Oversee shipment deliveries and expectations from a single page
- Print BOLs and shipping labels with easy-to-use tools

Track

- Review tracking updates from all carriers with one login
- Automatically share information with customers to keep them informed

Report

- View past shipments and see cost-saving potential for frequent lanes
- Leverage your data to make better decisions for your customers

No fees.
 Quick setup.
 Easy freight
 management.
