Certain statements and information in this presentation may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Terms such as "anticipate," "believe," "could," "estimate," "expect," "forecast," "foresee," "intend," "may," "plan," "predict," "project," "scheduled," "should," "would," and similar expressions and the negatives of such terms are intended to identify forward-looking statements. These statements are based on management's beliefs, assumptions, and expectations based on currently available information, are not guarantees of future performance, and involve certain risks and uncertainties (some of which are beyond our control). Although we believe that the expectations reflected in these forward-looking statements are reasonable as and when made, we cannot provide assurance that our expectations will prove to be correct. Actual outcomes and results could materially differ from what is expressed, implied, or forecasted in these statements due to a number of factors, including, but not limited to: a failure of our information systems, including disruptions or failures of services essential to our operations or upon which our information technology platforms rely, data breach, and/or cybersecurity incidents; untimely or ineffective development and implementation of new or enhanced technology; the loss or reduction of business from large customers; competitive initiatives and pricing pressures; relationships with employees, including unions, and our ability to attract and retain employees; unfavorable terms of, or the inability to reach agreement on, future collective bargaining agreements or a workforce stoppage by our employees covered under ABF Freight's collective bargaining agreement; the cost, timing, and performance of growth initiatives; general economic conditions and related shifts in market demand that impact the performance and needs of industries we serve and/or limit our customers' access to adequate financial resources; availability and cost of reliable third-party services; governmental regulations; environmental laws and regulations, including emissions-control regulations; union and nonunion employee wages and benefits, including changes in required contributions to multiemployer plans; our ability to secure independent owner operators and/or operational or regulatory issues related to our use of their services; litigation or claims asserted against us; maintaining our intellectual property rights, brand, and corporate reputation; the loss of key employees or the inability to execute succession planning strategies; default on covenants of financing arrangements and the availability and terms of future financing arrangements; timing and amount of capital expenditures; self-insurance claims and insurance premium costs; the cost, integration, and performance of any recent or future acquisitions; availability of fuel, the effect of volatility in fuel prices and the associated changes in fuel surcharges on securing increases in base freight rates, and the inability to collect fuel surcharges; increased prices for and decreased availability of new revenue equipment, decreases in value of used revenue equipment, and higher costs of equipment-related operating expenses such as maintenance and fuel and related taxes; potential impairment of goodwill and intangible assets; greater than anticipated funding requirements for our nonunion defined benefit pension plan; seasonal fluctuations and adverse weather conditions; regulatory, economic, and other risks arising from our international business; antiterrorism and safety measures; and other financial, operational, and legal risks and uncertainties detailed from time to time in ArcBest's public filings with the Securities and Exchange Commission ("SEC").

For additional information regarding known material factors that could cause our actual results to differ from our projected results, please see our filings with SEC, including our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

Readers are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date hereof. We undertake no obligation to publicly update or revise any forward-looking statements after the date they are made, whether as a result of new information, future events, or otherwise.

Adjusted EBITDA and EBITDAR are primary components of the financial covenants contained in ArcBest Corporation's Amended and Restated Credit Agreement. Management believes Adjusted EBITDA and EBITDAR to be relevant and useful information, as EBITDA and EBITDAR are standard measures commonly reported and widely used by analysts, investors, and others to measure financial performance and ability to service debt obligations. Furthermore, management uses EBITDA and Adjusted EBITDA as key measures of performance and for business planning. However, these non-GAAP financial measures should not be construed as better measurements than operating income (loss), operating cash flow, net income (loss), or earnings (loss) per share, as determined under GAAP. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, our reported results. Other companies may calculate EBITDA and EBITDAR differently; therefore, our Adjusted EBITDA and EBITDAR may not be comparable to similarly titled measures of other companies.
